

ISSUE 13, 1985 - MONITOR 4

commodore

**TECHTOPICS**

THE COMMODORE SERVICE NETWORK

MODEL : 108120N 141

**PLEASE NOTE:**

THE 10812 AND CM 141 MONITORS ARE ELECTRICALLY IDENTICAL MODELS THAT WERE MANUFACTURED BY GOLD STAR FOR COMMODORE.

THESE PRODUCTS HAVE RECENTLY REACHED THE MARKETPLACE AND GENERALLY ARE SOLD THROUGH MAIL-ORDER HOUSES. WE WOULD REQUEST FOR SERVICE IS TO BE HANDED THE SAME AS A 1081, 1700 OR 1800. THAT IS:

**IN-WARRANTY** - Labor Rate - \$21.00  
Parts Reimbursement - Attach  
receipt for parts purchase

**OUT-OF-WARRANTY** - Component level repair  
(Board exchange is not available for monitors)

A Service Manual was distributed to all CRT centers and, to further assist you in the repair of the 1081/CM 141, a listing of the GOLD STAR PART NUMBERS for 10812 products is attached. Additional research into parts availability is being conducted. In the meantime, a possible source for parts may be the GOLD STAR PARTS DISTRIBUTION NETWORK which is set up to handle SMALL PARTS ORDERS for independent service organizations. They may be reached at:

EAST COAST 800-721-0484 OR 718-768-6380

WEST COAST 800-382-8222  
(AR, AZ, CA, CO, HI, IL, IN, MI, MN, MO, NY, ND, OR, UT, WA, WI)

Commodore will stock ONLY those parts which are not available from outside parts vendors or Gold Star. If you encounter difficulty in locating a Gold Star part, please contact the Tech Net Line.

**PRODUCT SAFETY NOTE:** Components shown have special characteristics important to safety. Before replacing any engine component, read carefully the **PRODUCT SAFETY NOTICE** within service manual. Components bearing identification through stamped marking.
